#32 - 12/19/2024 04:48 PM - Arathy PS

- Status changed from New Changes Coding Done to New Changes

- % Done changed from 70 to 50

NEW CHANGE
----
1. On the top of each split up in the grid add the total based on each split up-- ON HOLD
2. When target is set for a target type that is already in any split up then load that data into profit and sale target fields -
3. In the split up select box after service grouping type add cash & credit sale.
4. After customer in the split up add customer group, customer type, customer category.
5. After supplier in the split up add supplier group, type, category.
6. Change split up > root split up.
7. Change financial year > Financial year (no split up)
8. Remove monthwise split up checkbox and add a month below financial year in root split up.
9. Remove the month wise split up and in its place add Sub split up (contents same as split up)
10. If financial year is chosen as root split up then sub split up should be disabled.
11. On edit mode of the target the split up options should be disabled .
12. Order of fields in target type should be as:

```
Company
Branch
Department
Employee
System User
Counter Staff
Com Agent
Customer
Supplier
Airline
Hotel
```

#33 - 12/30/2024 02:31 PM - Greeshma S

#35 - 02/03/2025 04:18 PM - Arathy PS

- Status changed from New Changes Coding Done to New Changes

- % Done changed from 70 to 50

```
NEW CHANGES
--------------------
1. Add a new category --Service Provider on the main category and in split ups-- show data grouping  based on
it.
2. After Service grouping type add Group (service->Master grouping), type (service->Master grouping), Family (
service->Master grouping), Category (service->Master grouping).
3. In Service Grouping Type(Sys) -> SERVICE; FIXED_PACKAGE; INVENTORY
4. In the split ups add Service Category(Sys) -> TICKET, HOTEL, TRANSFER, VISA, OTHER_SERVICE, PACKAGE, INVENT
ORY
*Check if service otherwise discus with anil.
5. If any of the split up is branch wise then branch in branch tab is not mandatory. Same for service as if an
y of the split is service the service or package category is not mandatory.
6. On edit mode of a set target (both saved and create mod) if we change split ups then a confirmation message
 should be asked?-----not done Blocker
If yes--> Clear the UI based on new split up.
If no--> Then restore the previous state.
7. Before branch tab add Parent tab--should be a grid.
-- Inside Grid :- Parent: Select box, %(*B)--title:current target %
--Grid columns:Item,Profit,Sale
--Inside the grid:
*Total target:target of the parent that is selected.
*Child target:Other targets set using the same parent.
*Current target:Target set for the current one.
*Balance: Total-Child-Current.
--We created a target with split up eg: Company-->Branch-->Employee
--then while creating a new target we can choose this as a parent.
--In the percentage field if we enter any value then the total amount of current target can be set by using th
is % value on the target of parent.
8. Show the path(Company-->Branch-->Employee) as label in the parent target above created by:.

DB FIELDS
----------------
*Parent target
*Target % based on parent
*Current target string --> eg: company-->branch-->employee
```

```
ISSUE FOUND
------------------------------
1. Parent not loading on clicking new button.
2. A child cannot be parent to its parent.
3. Balance on save mode is not changing for a child with parent selected.
4. Incorrect amount in the parent tab on edit mode.
5. Values in parent tab keep getting changed.
```

6. Target created in one FY is showing as a parent for a target in another financial year.
