```
-->GUI same as not reported sale.
  -- Add voucher stock and package stock to consider field (default untick)
  -- In the PNR No: field and add ticket/voucher no: in that drop down.
  --In place of now ticket/voucher no: field place issuing staff.
-->No summary tab.
-->Grid coloums: Sl no:, checkbox, issued date, ticket no:, pax, cost, price, profit, edit (to show issue pop
up)
-->Price column should be editable upon clicking the column itself.
-->Buttons on the top search,reset (show only after data is shown), new, print.
-->At the middle add 'to sale' button and 'to sale and save' button and also on the grid.
--> While clicking the buttons on the grid it should redirect to new tab and while clicking on the buttons on
the side it should load on the current tab itself.
